03 / COUNTERTOP LAYOUT & DIMENSIONS

HOW TO COMPLETE YOUR SKETCH

1. Fill out contact and job details. 2. Draw your countertops. 3. Show appliances and cutouts for sinks or cooktops.
4. Label all finished edges with X; label all edges against walls with W.
5. Enter dimensions from the back wall for every run; include depths and island or peninsula overhangs.

6. Email this form with existing kitchen photos to: **estimating@designsurfacesmi.com**

Preliminary estimating only. Final dimensions and site conditions must be verified before fabrication.
